Reasons For Allowance

2. The following is an examiner's statement of reasons for allowance:

As concern with claims 21-31 & 49, the prior art does not disclose or fairly suggest a catalyst comprising a catalyst support comprising monoclinic zirconia and in combination with the requirement of Ir being dispersed throughout the catalyst support (as recited in claim 21).

As concern with claims 48, the prior art does not disclose or fairly suggest a method of making a catalyst comprising a catalyst support comprising monoclinic zirconia and in combination with the requirement of Ir being dispersed throughout the catalyst support (as recited in claim 21).

As concern with claims 32-34, 36-39, 41-44, & 46-47, the prior art does not disclose or fairly suggest a method of generating H₂ using a catalyst comprising a catalyst support comprising monoclinic zirconia and in combination with the requirement of Ir being dispersed throughout the catalyst support (as recited in claim 21).

There is no motivation to combine the teachings of the references together.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
